The affiliate programme

Support & Account Created on **August 16, 2026** Updated on **October 21, 2026** 1 min read

If you recommend us to clients or colleagues, the affiliate programme pays you a commission on what they spend. It's free to join and open to any customer.

How it works

1. **Activate the programme** in **My Interweb**, under **Affiliates**. You get a personal referral link.
2. **Share the link.** Anyone who signs up through it is recorded as your referral.
3. **You earn 10%** of what each referral pays - not just on the first invoice, but on the renewals too.
4. **Withdraw** once your balance reaches **600 MT**. Below that the balance stays and keeps growing.

The sign-up bonus

Activating the programme credits **60 MT** to your affiliate balance right away, as a starting bonus. It counts towards the withdrawal threshold like any other commission.

Following your earnings

1. The **Affiliates** page in My Interweb shows visits through your link, signups, and the commission earned.
2. You also receive a summary by e-mail every month.

Who it's for.

It works particularly well for web developers and agencies who set up sites for clients: the client keeps their own account and pays directly, and you earn on every renewal without having to resell or invoice anything.
