Interweb or TurboHost: comparison and which to choose in Mozambique

Comparisons and alternatives Created on **August 16, 2026** Updated on **October 22, 2026** 5 min read

By the Interweb editorial team · Updated 15 October 2026 · Data from the providers' public pages, consulted in October 2026.

TurboHost presents itself to several markets at once: turbohost.co.mz redirects to turbo.host, and the Mozambique version (turbo.host/mz) shows prices in meticais and an address in Maputo. The data in this article comes from that version.

Both are local providers, both sell hosting and domains. The short answer: **on the basics they are similar**, and the choice comes down to three or four details. Let us go through them one by one.

Hosting and panel

1. **Interweb** - **cPanel** on Linux hosting and **Plesk** on Windows hosting, with CloudLinux, free SSL and Imunify360. Clear per-account limits - that is what stops a neighbour's site ruining your day.

2. **TurboHost** - Uses the **DirectAdmin** panel, with LiteSpeed and CloudLinux on hosting; VPS with NVMe disks and KVM virtualisation.

Domains

1. **Interweb** - **.mz registered with CIUEM** by us, with a **DNS manager in the panel** and nameserver changes you make yourself, at any hour.

2. **TurboHost** - The price table lists .co.mz, .net.mz, .org.mz, .ac.mz, .edu.mz, .gov.mz and international extensions. .co.mz: MT 2,099.70 in the first year (promotion) and MT 2,700.24 on renewal. The table does not show a row for plain .mz.

How you pay

1. **Interweb** - **Meticais**, with a local invoice your accountant accepts.

2. **TurboHost** - Prices in meticais on the Mozambique version of the site, with M-Pesa, e-Mola, Visa, Mastercard, PayPal or Nedbank transfer. Entry plan STARTER: MT 507.77/month on monthly billing, or MT 253.56/month billed for 12 months, with 20 GB of disk and 1 site.

Backups

1. **Interweb** - **Every night before dawn, kept for a year**, restored through JetBackup from the panel.

2. **TurboHost** - Backup policy not stated on the hosting page consulted; check with the provider.

Customer support

1. **Interweb** - **WhatsApp, panel ticket and e-mail 24 hours a day**, plus **phone calls from 08:00 to 16:00** - all in Portuguese, with a written record of everything asked and done kept in the panel.

2. **TurboHost** - Phone (+258 21 610200), ticket, e-mail and chat. Support hours not stated; the site says servers are monitored 24 hours a day.

For companies: VPS and reseller

1. **Interweb** - VPS, Cloud, dedicated and reseller. Servers are **unmanaged** by default - delivered with the OS and full access.

2. **TurboHost** - Has VPS (from MT 634.87/month), dedicated servers and reseller hosting. Advertises free migration on any hosting plan and a 30-day guarantee on hosting plans.

Main differences

	Interweb	TurboHost
Panel	cPanel (Linux) and Plesk (Windows), with CloudLinux and Imunify360	DirectAdmin, with LiteSpeed and CloudLinux
National domain	.mz with CIUEM	.co.mz from MT 2,099.70 (1st year); plain .mz not listed
Currency	Meticais, with a local invoice	Meticais on turbo.host/mz; M-Pesa, e-Mola, cards, PayPal

	Interweb	TurboHost
Backups	Nightly, kept 1 year, self-service restore	Not stated on the page consulted
Support	WhatsApp, ticket and e-mail 24h; phone 08:00-16:00	Phone, ticket, e-mail and chat; hours not stated

☆ Where TurboHost is strong

LiteSpeed with CloudLinux, prices in meticais on the Mozambique version of the site, free migration and a 30-day guarantee on hosting plans. The site also says it has operated since 2017 and was born in Maputo.

☆ Why we recommend Interweb

If you want **everything in one place and in local currency**: national domain, hosting, e-mail and invoice on one account. We are among the few who state in writing **how long backups are kept** - one year - and let you **restore them yourself** from the panel, with no ticket and no waiting. Add **CloudLinux**, which stops a neighbour's site ruining your performance, **Imunify360** against malicious code, **free SSL that renews itself**, **free migration of your current site**, **free .mz transfers**, over **100 domain extensions** and one-click WordPress.

Entry price: the **Hospedagem Pro** plan starts at **MT 900/month** (10.800 a year), with SSL, backups and cPanel included. *Price current in August 2026 - check the store for today's figure.*

In short.
For a business in Mozambique - with a national domain, an invoice in local currency and someone who answers any hour by WhatsApp, ticket or e-mail - **Interweb** is the choice we recommend. And if you ever change your mind, you take everything with you, with no fee.

The test worth more than this article.
Before deciding, send a technical question to both support teams and compare how long they take and how good the answer is. That applies to them and to us - it is how you judge a provider.

Data on TurboHost consulted on its public pages on 15 October 2026. We did not test their services, and the information may have changed since. If you spot anything out of date, tell us and we will correct it.
